Mandatory implementation of internship policy for students:

There is a provision in the curriculum for students to undergo internship in final semester (8th semester) as a part of academic activity. The students who have been placed during campus recruitment drive in their 7th semester will get internship from the company where they have placed. As per curriculum, these students are permitted to take part in the internship in the company for the period of 4 to 5 months. After completion of the internship, students are required to submit the internship report to the college and based on the report, the final semester viva-voce will be conducted at the end of 8th semester.

Following are the details of the internship:

Sl No	Academic Year	Number of companies offered internship to the students in final semester	Number students received the internship from the companies

2	2022-2023	100	412
