Department of Artificial Intelligence and Machine Learning

Student Club of AI & ML Dept.

Team Dhi

Augmenting Human Intelligence

Department of Artificial Intelligence and Machine Learning, RVCE, inaugurated the student Club "Dhi" on 25th August 2022. The function was presided by Sri. Dev Tyagi Co-founder, Boston Ltd., UK, Mrs. Laxmi Nageswari Global Head of AI Education, Boston Ltd. Bengaluru, Dr. K.N. Subramanya Principal, RVCE, Dr. K.S Geetha, Vice Principal RVCE, Dr. B. Sathish Babu, HoD AIML, faculties, and students of AIML branch

The name 'Dhi' has been derived from Sanskrit and stands for the schools of thought, intelligence, and understanding. Essentially, 'Dhi' deals with acknowledging and analyzing human self-awareness and reasoning and augmenting it through conscious effort. AI, too, treads this line between the consciousness of entities and the broad scope of the rationality of such creations. Moreover, the club's tagline, "Augmenting Human Intelligence," represents the balance between the two that the club aspires to achieve under the broader picture of AIML. Hence the team's logo and name, a culmination of creative thought, would be a perfect coat of arms under which the club marches ahead.
