IMPARTING JOB-ORIENTED SKILLS TO THE UNDERPRIVILEGED WOMEN SINCE 2006

It is the underprivileged, socially dis advantaged poor women at the bottom of the economy ladder that is ever be set with the problem of unemployment and victims of social evils.

RSST feels very strongly about this phenomenon, particularly prevalent among the downtrodden women in the rural areas around its R V College of Engineering Campus. RSST has decided to take practical steps to alleviate the misery of the underprivileged women, by setting up a Centre for imparting technical training on Software Skills, which is useful for day to day life as this can fetch good jobs in different firms and create positive attitude in their life. Towards this the "Centre for Women Empowerment and Skills Training (WEST)" was established in 2006.

RVCE The Backbone of the Ventures
WEST is the offshoot of intense feeling of the powers that be at R V College of Engineering towards the dire predicament of the underprivileged women in the rural areas nearby as well as a practical plan to stabilize the available resources to impart the much needed job oriented skills.

WEST is situated on the campus of R V College of Engineering, 18Km from Bangalore City on the Mysore Road. With Excellent Academic Record and over 10 branches of Engineering disciplines at both Undergraduate and Post-graduate levels, the college has both the will and ability to be of practical help to the downtrodden.

THE OBJECTIVES
The Centre is established with the following objectives:

- To provide training for the poor and underprivileged women
- To provide social justice and empowerment through enhancement of technical skills in the women of the weaker section of our society
- To impart the theoretical and practical aspects of basic knowledge of computers to enable these students feel more confident in their work areas
- To empower the women to be self employed
- To motivate them to be self-confident in their life

LABORATORY INFRASTRUCTURE
- **MCA department has 7 well-equipped computer labs with 164 Desktop Computer systems, 4 High end Servers with good networking and peripherals such as Network Printer, LaserJet and Inkjet Printers, Scanners, Projectors etc**
- **Department has Audio-Video Facilties in the Labs**
- **Department has Proprietory & Non Proprietory such as Free and Open Source Softwares (FOSS) and Application Softwares**
- **Department is wifi enabled**

TRAINING PROGRAMME OFFERED BY THE CENTRE
The training programmes offered by the Centre are specially designed and job-oriented. The number of training programmes is getting added frequently to suit the need of the hour. The following are the training programmes presently offered by the Centre exclusively for the benefit of the underprivileged women.

- Basic Computer Fundamentals
- Introduction to Operating System (MS-Windows / GNU-Linux)
