and

National Conference on

"Innovation in Telecommunication
for Sustainable Development"

16th & 17th , May 2024

Organized By
Department of Electronics & Telecommunication Engineering

About the Institution

RV College of Engineering® (RVCE) established in 1963 is one of the earliest self-financing engineering institutions in the country. The institution is run by Rashtreeya Sikshana Samithi Trust (RSST) a not-for-profit Trust. RVCE is an Autonomous college. Currently, the institution offers 15 Bachelor, 14 Master Programs and 15 departments have Research Centres, affiliated to Visvesvaraya Technological University (VTU) Belagavi.

About the Department

The Department of Electronics and Telecommunication Engineering was established in 1992. It offers a UG program, a PG program and also a Doctoral program affiliated to VTU. All the programs under the department have been accredited under TIER-I by the NBA multiple times. A total of 19 experienced faculty members support four core specializations (Networking, Wireless Communications, Signal processing, VLSI and Embedded Systems). The department has COE in "5G and Emerging Technologies" and also COE in "CCTV Research", through which Internships, Projects and other skill development activities are conducted.

About the Conference:

The Department of Electronics and Telecommunication Engineering has hosted a National conference annually since the year 2000 to mark the Celebration of "World Telecommunication and Information Society Day (WTISD)". The theme proposed for WTISD- 2024 is "Innovation in Telecommunication for Sustainable Development". This conference provides a platform to discuss the emerging recent trends and Innovation in Telecommunication for Sustainable Development.

Objectives of the Conference

- To provide an opportunity for UG/PG/Research scholars to present their research work.
- To provide a platform for the student community to have networking with experts and professionals from both academia and industry.
- To present the project works in the exhibition.

Call for papers:

Prospective authors are encouraged to submit research papers on all topics related to Innovation in Telecommunication for Sustainable Development in IEEE (double column) format with contents not exceeding 5 pages. Kindly submit the papers in the paper submission link
