RV College Golden Jubilee

Ansari pushes for reforms in education

TIMES NEWS NETWORK

Bengaluru: About 7 lakh science and engineering graduates pass out every year in the country, of which just 25% are employable without further training, said vice-president Hamid Ansari at the golden jubilee celebrations of R V College of Engineering here on

RV COLLEGE GOLDEN JUBILEE

Tuesday. He called for curricular and academic reforms in educational institutions.

Ansari said the huge increase in enrolment in higher education in the country has put a heavy burden on the physical infrastructure of colleges and universities. "Higher education must be aligned to the country's economy and the needs of the global market," said Ansari.
