

Digital payments for all financial transactions as per MoE directives:

We have integrated with SAP-ERP for our organization processes. Amazon Web Services are our cloud partner for storage of data & information. Presently we are using the following SAP modules for our day to day transactions:

1. SAP – FICO (Finance & Controlling)
2. SAP – FICA (Student accounting)
3. SAP – HRM (Human resource management & payroll)
4. SAP – MM (Materials management – Logistics functions / Procurement activities)
5. SAP – SLCM (Student life Cycle management).

Digital payments:

- We have integrated with the 2 aggregators for online payment transactions through dash board. One is Bill Desk and another is Razor pay. All the student fee will be collected through online only.
- NEFT / RTGS transactions are also convened for payment of fee.
- All the registration fee for in house programs will be collected through online only through online payment links
