**Solar PV Tracker:** 500KWP System with solar tracking capability

1564 numbers of solar model available each with capacity of 320WP. These models have been installed at the rooftop of 21 different buildings in the campus which generates around 500KWP.

Details of Inverters available are:

- 50kw model 06 no's
- 30kw model 06 no's
- 20kw model 01 no
