**Proceedings of 24<sup>th</sup> Governing Body Meeting held on 16<sup>th</sup> July 2018**

---

The Member Secretary briefed the members about various activities took place in the institution during Aug. 2017 to June 2018.

Mrs. Mamta Rani Agarwal sought details about attrition rate of faculty and staff. The Member Secretary informed that the attrition rate in the institution is around 5%. Sri. AVS Murthy informed the members that the retirement age for Teaching is 65 years and for Support Staff is 60 years.

The Member Secretary informed the members that, the institution has signed MoU with Florida International University-USA for joint collaborations. Three UG students from CSE were selected to carryout Internship at the University. Currently one student viz. Ms. Isha Bhatia, 7<sup>th</sup> Sem, Dept. of CS&E, is Carrying out Science without border summer training program – 2018 at FIU. He further added that, 4<sup>th</sup> Sem. CSE students are carrying out project on Disaster Management - “Flash Flood Simulation & Rescue using Virtual Reality”.

Mrs. Mamta Rani Agarwal suggested that the institution could collaborate with National Disaster Management Authority to carry out further studies on Disaster Management.

With regard to IoT activities in the institution, Mrs. Mamta Rani Agarwal opined that the course would make engineers employable. She also suggested that, the institution should first identify the best faculty and provide training to such faculty initially. Sri AVS Murthy informed that the Management is supporting the institution to depute faculty to attend the Training programmes. Further, the Member Secretary briefed that, the institution is already doing such exercises and two faculties have been deputed to Mercedes Benz India Pvt. Ltd.-Pune to undergo training on Automotive Electronics.

The Member Secretary also informed that one of our Alumni has started working on 5D Printing Technology.

**Sub. No. 186: Proceedings of Finance Committee Meeting held on 04.7.2018**

##### **(a) Changes in Autonomous Guidelines by VTU / AICTE / UGC.**

###### **Preamble:**

As per the UGC Guidelines of 2018, following are the general academic programme guidelines.

- a) Autonomy granted to the College is institutional in nature and hence an Autonomous College shall be free to launch new Degree programmes at Undergraduate (UG) like B.E., B. Tech., B. Plan., and B. Arch., Postgraduate (PG) like M. Tech., M. Arch., M.B.A and M.C.A and Research like M.Sc.(Engg. by research), Ph.D. all being in the list specified by the Commission from time to time after getting approval from its Governing Body and the University. In all cases, the programmes shall fulfil the minimum academic quality and standards for the award of Degrees prescribed by the University, the Council and the Commission.
- b) An Autonomous College shall be free to make changes in the existing Degree programmes with the approval of its Academic Council. Such changes could be in the schemes of instruction, syllabi, schemes of examinations and other aspects, while fulfilling the minimum academic standards of the University for the Award of Degrees. The changes so made shall be notified by the Autonomous College concerned at least three months before the commencement of an academic year and the University be kept informed of these changes within a fortnight of such notification.
- c) An Autonomous College shall have the freedom to start Diploma (post- polytechnic Diploma, post-UG and post-PG levels) and/or Certificate programmes with the approval of its Academic Council. The issuance of certificates/diplomas on completion of such programmes shall be made under the seal of the concerned College only.
- d) An Autonomous College shall also be free to evolve methods for assessing the students' performance, notifying the results, issuing the grade cards/transcripts, migration and other certificates except the Degree Certificates.
- e) In order to get the various benefits of academic autonomy, it is necessary for an Autonomous College to structure its various academic programmes based on the Semester Scheme by introducing Credits for academic activities, bring in Examination Reforms for better achievement testing, award Letter Grades and Numerical Grade Points/ Averages for students' performance and set appropriate Passing Standards.
- f) It is also necessary for Autonomous Colleges under the University to follow uniform practices for the Semester Scheme, Credit System, Examinations, Letter Grades and Numerical Grade Points/Averages, so as to enable their students to avail of horizontal/ vertical mobility and transfer of credits from one Autonomous College to another and related benefits of academic autonomy.

###### **First year Scheme and Syllabus 2018**

Model Curriculum has been designed in such a way that it encourages innovation and research as total number of credits has been reduced and many new courses have been incorporated in consultation with industry experts. The revised Model Curriculum has been designed where the students can understand the industry requirements and have hands-on experience. The students will develop a problem solving approach and will be able to meet the challenges of future. Courses on Constitution of India, Environment Science/Engg, and Essence of Indian Traditional Knowledge have also been included in the curriculum.

### **Model curriculum from AICTE:**

The Structure of Undergraduate Engineering program given by AICTE is as shown in table below:

### **Induction program for first year students of 2018-19.**

A concern was shared that in the present system, the first year syllabus is heavily loaded and it is of utmost importance that the students entering into the first year of an engineering course should feel at ease by lowering the burden of syllabus and credits. This is necessary for a student to acclimatize to the new environment of a college and to create a bonding between the teacher and a student. An idea to introduce induction program in the curriculum to equip the students with communication skills, and get them acquainted with the culture of institution and human values was formalized.

A student has to undergo this induction program after joining the institute and before the commencement of classes. Normal classes of the engineering program shall begin after the students have undergone a two-week induction program. The Induction program for students comprises of Physical activities; Learning an art form; Literature & Cinema; Social Awareness; Lectures & Visits; Universal Human Values; Familiarization to Department/Branch, College& Innovations.

### **Model curriculum from VTU:**

On the lines of model curriculum suggested by AICTE, VTU released the curriculum framework with slightly altered structure.

**First year Scheme and Syllabus from RVCE:**

On the lines of model curriculum released by AICTE & following the guidelines given by VTU, the first year scheme and syllabus is framed by RVCE.

**Highlights of the first year scheme are as follows:**

1. The credit allocation is distributed to Lecture, Tutorial and Practical. The self-study/experiential learning column in previous scheme are removed and are included in the assignment component itself.
2. The courses with 4 credits are planned for 34-36 hours of class room teaching whereas; the courses with 3 credits were planned for 24-28 hours of teaching.
3. The theory and lab are integrated as one course which gives good hands on experience on the concepts being taught in theory.
