## **Report on SKILL INDIA - NSDC - IASC - SSC**

### **Industrial Automation Specialist**

#### **Introduction:**

The National Skill Development Corporation (NSDC), in collaboration with the Industrial Automation Sector Skill Council (IASC) and the Sector Skill Council (SSC), permitted three batches of training programs for Industrial Automation Specialists. Each batch consisted of 25 students aiming to equip them with essential skills and knowledge in the field of industrial automation.

#### **Training Overview:**

The training program focused on imparting comprehensive knowledge and practical skills required for industrial automation. Participants were exposed to various aspects of automation technologies, including PLC programming, SCADA systems, robotics, industrial networking, and control systems.

#### **Master Trainers:**

Dr. G R Rajkumar and Keshavamurthy YC served as master trainers for the three batches. They demonstrated exceptional expertise and dedication in delivering the training sessions, ensuring that participants gained a thorough understanding of the subject matter. They received master trainer certificates on 17th July 2023, recognizing their significant role in enhancing the skills of aspiring industrial automation specialists. Their trainer IDs are TR338278 and TR338303, respectively.

#### **Student Performance:**

Throughout the training program, students exhibited a commendable level of enthusiasm and engagement. They actively participated in practical exercises, projects, and assessments, demonstrating their understanding and application of industrial automation concepts.

#### **Conclusion:**

The collaboration between NSDC, IASC and SSC has successfully facilitated the training of three batches of Industrial Automation Specialists. With the guidance of dedicated master trainers Dr. G R Rajkumar and Keshavamurthy YC, participants have gained valuable knowledge and skills that will empower them to thrive in the field of industrial automation. This initiative underscores the importance of skill development in driving economic growth and fostering innovation.
