

ENTREPRENEURSHIP CELL
R.V. COLLEGE OF ENGINEERING

Entrepreneurship Cell R.V. College of Engineering, Bengaluru

Mission

Our mission of developing the change makers of the society is achieved by organizing seminars, competitions, workshops, conferences and all putting students through the experiences of all that comes with it. These will impart the relevant skills to an entrepreneur, to anyone willing to take the step.

Vision

Ideation Is Our Genesis

The Cell aims to make people realize the true sense and meaning of Entrepreneurship. The term is not only about creating a company, but is anything to do with innovating on your own idea

Unearthing True Potential

We envision ourselves to be the cultivators of tomorrow's leaders. Through the activities and workshops that we host, we give it our all to help people grow as successful managers and leaders; contributing to the growing startup ecosystem of India.

Strengthening 'Intrapreneurship'

Since we're well aware that most students still opt for Placements after college, we train them for Intrapreneurship – where they can create a new business idea while being associated within the safe walls of an existing company.

About Us

About R.V. College

Rashtriya Vidyalyaya College of Engineering (RVCE) was founded in the year 1963 with a Mission to “Impart Quality Education to all sections of Society”. The college, which has now completed more than 50 years, has grown into a place where excellence and all-round personality development is very diligently imparted to its students.

About Entrepreneurship Cell

The Entrepreneurship Cell (E-Cell) of RVCE, founded in 2007 stands tall as a student-run body with the goal of fostering the Entrepreneurial culture within the college campus, and beyond. The Cell stands out as a pioneering organization, having mentored myriad Start-Ups over the years. We at E-Cell, also provide opportunities for our members to widen their network within the Entrepreneurial world through the many events and speaker sessions that we organize.

Achievements

- April, 2007 : EDC, RVCE (Entrepreneurship Development Cell) was established
- October, 2007 – April, 2008: Entrepreneurship survey was conducted in various colleges in three different camps
- October, 2008 : The first entrepreneurship camp student orientation workshop was conducted
- 2009 : NITIE Awards - RVCE was awarded the Recognition Award for Best College for Entrepreneurial Education
- June, 2014 : First Entrepreneurship Challenge was held with over 48 teams participating
- January, 2016 : Entrepreneurship Cell, RVCE won the National Entrepreneurship Challenge held at IIT-Bombay
 - January, 2016 : The first edition of E-Summit was held – “Stand up, India, Start-up India”
- October, 2016 : The first Gyaan Session was held
- February, 2017 : The second edition of E-Summit was held based on the global nature of entrepreneurship.

Experior

- Experior is a platform for the students of various engineering colleges to work with budding tart-ups.
- It aims to collaborate with the Bangalore Entrepreneurship Cell and provide internships to all colleges that come under it.
- This will give the students excellent exposure to how a start-up functions and the responsibilities that accompany it.

Throwback

E-Cell, RVCE has managed to touch great heights by increasing its Facebook reach to 100k (1 lakh) during E-Summit 2017

E-Cell has had well over 20 speakers in both the E-Summits combined. Other than them, 15 speakers have conducted seminars in various other events held by us.

E-Summit, 2017 witnessed a footfall of 5, 000 people during E-Summit, 2017 from all over the country

9 massive events, including 3 Gyan sessions, were held throughout the course of the year, along with 13 competitions and 8 workshops.
