DEPARTMENT OF ELECTRONICS AND INSTRUMENTATION ENGINEERING

Alumni Meet Report - 29th June-2024

The Department alumni meet was held in the MCA seminar hall on 29th June 2024. Number of alumni attended were 25. The program started with the welcome address by Dr. CH. Renu Madhavi, HoD, E&IE. She gave brief introduction about the Department UG program and highlighted upon the research centre and briefed through the activities done in the newly established Centre of Excellence-“Sensor and Sensors Technology and Applications” of the department. She stressed upon the roles and responsibilities of alumni, invited them to contribute to the Department outcome-based education system. She thanked all the alumni for being present for the day and wished them a grand success for the future.

Dr. CH. Renu Madhavi, HoD of EIE welcoming the dignitaries and distinguished alumni

DEPARTMENT OF ELECTRONICS AND INSTRUMENTATION ENGINEERING

Address by Dr. Sushrutha, Vice President, Alumni association

Address by Dr. K S Geetha, Vice Principal, RVCE

Dr. K S Geetha, Vice Principal, RVCE, welcomed everyone to the meet. She briefed about RVCE, significant achievements of RVCE. She spoke about the role of alumni to their almatmater and the importance of conducting such meets regularly. She finally thanked all the alumni for being a part of the alumni meet.

DEPARTMENT OF ELECTRONICS AND INSTRUMENTATION ENGINEERING

Address by Dr. Shanmukha Nagaraj, Dean Academics, RVCE

Dr. Shanmukha Nagaraj, Dean Academics, RVCE, welcomed everyone to the meet. He briefed about academic activities, syllabus revisions and the importance of Alumni feedback for the syllabus framing. He finally thanked all the alumni for being a part of the alumni meet.

Impact Analysis: Overview

The Alumni Feedback Form was completed by 8 respondents, providing insights into their educational experience and its impact on their professional development. This analysis aims to evaluate the overall effectiveness of the program and identify areas for improvement.

Respondents' Details

- **Names:** Srishti R, Anand M Sharma, Aditya Venkateshwaran, Neha Jagannath, Vaishaka N Raj, Veena M B, Vinay Balamurali, Vishnu Charan
- **Year of Graduation:** 2021 and 2023
- **Current Occupations:**
 - Students
 - Hardware Design Engineers
 - Software Developers
 - Systems Software Engineers
 - Application Developers

Key Feedback Metrics

1. **Fundamental Knowledge in Mathematics, Science, and Instrumentation Engineering**
 - **Excellent:** 25%
 - **Very Good:** 37.5%
 - **Good:** 37.5%
2. **Ability to Identify, Formulate, and Analyze Complex Engineering Problems**
 - **Excellent:** 37.5%
 - **Very Good:** 25%
 - **Good:** 37.5%
3. **Design Solutions for Complex Engineering Problems Considering Public Health, Safety, Cultural, Societal, and Environmental Considerations**
 - **Excellent:** 12.5%
 - **Very Good:** 25%
 - **Good:** 12.5%
 - **Satisfactory:** 50%
4. **Adopting Research Methods and Modern Engineering Tools**
 - **Research Methods:**
 - **Excellent:** 37.5%
 - **Very Good:** 25%
 - **Good:** 37.5%
 - **Modern Engineering Tools:**
 - **Excellent:** 12.5%
 - **Very Good:** 25%
 - **Good:** 37.5%
 - **Satisfactory:** 25%
5. **Understanding the Impact of Engineering Solutions Globally, Economically, Environmentally, and Societally**

DEPARTMENT OF ELECTRONICS AND INSTRUMENTATION ENGINEERING

- **Excellent:** 37.5%
 - **Very Good:** 12.5%
 - **Good:** 50%
6. **Professional Ethics, Teamwork, Communication, Project Management Skills, and Lifelong Learning**
- **Excellent:** 37.5%
 - **Very Good:** 62.5%
7. **Practicing Instrumentation, Controls, and Automation Concepts for Industrial or Research Pursuits**
- **Excellent:** 50%
 - **Very Good:** 12.5%
 - **Good:** 37.5%
8. **Knowledge of Basic Science, Mathematics, Electronic System Design, and Programming for Real-time Applications**
- **Excellent:** 25%
 - **Very Good:** 50%
 - **Good:** 25%

Suggestions for Improvement

- **Include New Technology or Ideas:** One respondent suggested incorporating new technology or ideas to reach all alumni and make events bigger.

Impact Analysis

The feedback indicates a strong foundation in fundamental knowledge and problem-solving skills among alumni. However, there is room for improvement in areas such as:

- Designing solutions considering broader societal impacts.
- Utilizing modern engineering tools and adopting research methods more effectively.
- Enhancing the curriculum to include the latest technologies and methodologies.

Recommendations

1. **Curriculum Enhancement:** Incorporate contemporary technologies and methodologies to keep the curriculum relevant and challenging.
2. **Alumni Engagement:** Develop initiatives to involve alumni in current events and activities, leveraging their feedback for continuous improvement.
3. **Research and Development Focus:** Increase emphasis on research methods and modern engineering tools to better prepare students for complex problem-solving in professional environments.

request Permission to organise Departments Annual Alumni meet on 29th June 2024

HOD Dept. of EIE, RVCE <hod.it@rvce.edu.in>
To: Principal RVCE <principal@rvce.edu.in>

Tue, Jun 11, 2024 at 12:49 PM

Respected Sir,
Greetings!

EiE department has been hosting Annual Alumni meet in last week of June every year. This year we are planning to host Annual Alumni meet on 29th June 2024. Seek your Permission to conduct it offline on 29th June 2024.
