CIRCULAR

Sub: Registration for B.E Honors – Academic year 2022-23 for all V semester Undergraduate Programs of 2018 Scheme
Ref: VTU/BGM/SA(1) B.E.(Honors)/2022-23/5560 dated 29 Dec 2022

PREAMBLE:

An increasingly interconnected global economy as a result of globalization is creating collaborative opportunities and competitive pressures requiring broadly educated engineers and business professionals. Also, the next generation engineers have to practice an interdisciplinary approach to problem solving.

To encourage and groom engineering students during their engineering programme to become self-motivated independent investigators, critical thinkers and problem solvers, good communicators, effective managers and lifelong learners, AICTE has introduced a scheme wherein a student has to earn 18 or more additional credits through Massive Open Online Courses (MOOCs).

To cater the engineering skill requirements of the next generation due to continuously changing expectations of the industry, society and global stakeholder community owing to technology growth and globalization, RVCE intends to equip its students with interdisciplinary knowledge. By introducing this scheme, RVCE is one of the first few technical institutions to implement a few objectives of NEP 2020 with immediate effect.

The objectives of decorating the students with superior academic ability with Honors are to:

- Encourage the advanced levels of study and multidisciplinary learning;
- Specialize in a focused area of your interest;
- Learn new skills and methodologies pertaining to your areas of interest;
- Cultivate a sustaining interest in advanced education and research;
- Gain recognition at the time of graduation for advanced, distinguished work as an undergraduate;
