RVCE is an autonomous institution affiliated to Visvesvaraya Technological University (VTU), Belagavi and is rated amongst the top ten self-financing Engineering colleges in the country. RVCE offers 12 Under Graduate Engineering programs, 16 Master Degree programs and Doctoral Studies. The institution utilizes its expertise in various disciplines to conduct Research and Development for Industry and Defense establishments in the country. The institution has established Incubation Centre, Centre of Excellence in Macro electronics, Computational Genomics, Smart Antenna Systems, LDRA; Centre of Excellence in Internet of Things sponsored by CISCO, RVCE-Mercedes Benz Centre for Automotive Mechatronics, Toyota Kirloskar Motors sponsored automotive workshop, RV-Bosch Rexroth Centre for Automation. The students have won awards and accolades in national and international competitions.

About the Department:

The Department of Electronics and Telecommunication Engineering was established in the year 1992. It offers one UG programme, two PG programmes – M.Tech in DCE, RFME and Ph.D are affiliated to VTU. All the programs under the department have

been accredited under TIER-I. A total of 23 experienced faculty members support four core specializations (Networking, Wireless Communications, and Signal processing and Embedded Systems).

About the Conference:

To mark the Celebration of “World Telecommunication and Information Society Day”, a two day national conference on “Digital Transformation and Challenges” is organized during 17th and 18th May, 2021. The theme proposed for WTISD-2021 by ITU is “Accelerating Digital Transformation in challenging times”. This conference emphasizes to bring experts and researchers to discuss the emerging and recent trends in innovation, infrastructure, investment, and capacity development to advance digital transformation for all

Objectives of the Conference:

- To mark the celebration of WTISD.
- To create an opportunity for UG/PG/Research scholars to present their research work.
- To provide a platform for student community to have networking with experts and professionals from both academia and industry.
- To bring different stakeholders to have a dialogue about policy and regulatory environments for digital transformation and ICT-centric innovation
