And Whereas, members of KUPECA having met and deliberated on the request and resolving to adopt a policy in tune with reservation policy of the State and to participate and contribute to the welfare measures of the State; and though during the deliberations, there were several opinions as to inappropriateness of method of admissions resulting in interference with their rights of administration and the inadequacy of funding, due to issues like, implementation of seventh pay commission pay scales, implementation of new policy of imparting of free education by creating supernumerary additional intake of 5% in Engineering Colleges, etc., and the high costs for imparting quality education, keeping in view the larger interest of the students and at the same time, assurances by the Government of ensuring 'viability of the institutions' and their growth by providing appropriate minimum of funding and to take all steps that are necessary to give legal sanction for the arrangements; and keeping in view the time constraint and the need to achieve certainty, it was decided and it is agreed now between the State Government and Karnataka Unaided Private Engineering Colleges' Association (KUPECA), that following Consensual Agreement, set out in the detailed terms/conditions of agreement as hereunder, being within the framework of law, as contemplated under P.A.
