Department of Chemical Engineering

Chemical Engineering Department of RVCE is the most preferred destination to a large number of organizations for recruiting their outstanding employees with the potential of being their future leaders.

The placement department strives to strike a balance between recruiter expectations and student aspirations. The Department takes relevant steps in identifying the demands of the industry and prepares the students towards this need. Adequate emphasis is given for soft skills development along with the regular academic program.

Top recruiting companies visiting the Department of Chemical Engineering are Unilever, Reliance Industries Limited, Akzo Nobel, Desmet Ballestra, SBM Navvata and many more.
