About the Institution

R.V. College of Engineering (RVCE) is established in 1963, one of the oldest self-financing premier institutions in the country, an Autonomous Institution, Affiliated to Visvesvaraya Technological University (VTU), Belagavi. The institution is managed by Rashtreeya Sikshana Samithi Trust (RSST) a nonprofit Trust. Currently, the institution offers 12 Bachelor, 19 Master Programs and all the departments have being recognized as research centres, affiliated to VTU Belagavi. The institution has set a Vision “Leadership in Quality Technical Education, Interdisciplinary Research & Innovation, With a Focus on Sustainable and Inclusive Technology”. Ranked 58th in the Country by National Institutional Ranking Framework (NIRF) during 2017-18. The institution is accredited by NAAC. All the UG programs and eligible PG programs have been accredited multiple times by NBA. The College currently has student strength more than 5500, faculty strength of above 375, technical & administrative Staff of about 225 and around 200 Research Scholars are pursuing Ph.D. The institution has filed 41 patents since last three years, of which 27 Patents have been published in the gazette of Indian Patent journal.

About the Conference

To mark the 154th year Celebration of “World Telecommunication and Information Society Day”, two day national conference on “Communication Standards and Systems” is organized during 17th and 18th May 2019. The theme proposed for WTISD-2019 by ITU is “Bridging the Standardization Gap” to focus on the importance of ICT standardization work and contribution in achieving the sustainable development goals. This conference emphasizes to bring experts and researchers to discuss the emerging and recent challenges in Communication standards and systems and to focus on the opportunities to use in ICT sector and to equip research community for the future.

Objectives of the Conference

- To mark the celebration of WTISD.
- To create a chance for UG/PG/Research scholars to present their research work.
- To provide a platform for student community to have networking of experts and professionals from both academia and industry.
- To bring different stakeholders to have a dialogue about technology, systems and standards.

Objectives and Scope:

Research papers relevant to the following domains but, not limited to:

- Communication Standards and Systems
- Short range wireless communication
- Radio over fiber
- Artificial Neural Networks and Deep Learning
- Artificial Intelligence and its Applications
- Multimedia and Mobile Computing
- Body Area Networks
- Cognitive Networks
- Cellular/Mobile Communications and Networks
- Software Defined Networks
- Cryptography and Network Security
- Internet of Things
- Image/Video Processing
- Wired/Wireless Communication and Protocols
- VLSI/Embedded Systems

Paper format
