WORLD ENTREPRENEURS DAY

On the **21st of August 2024**, World Entrepreneurs' Day was celebrated at RV College of Engineering with great enthusiasm with the event organized by the vibrant E-Cell RVCE. The event brought together aspiring entrepreneurs, industry veterans, and students to foster a spirit of innovation and enterprise within the campus. A key event highlight was a panel discussion featuring Arvind Prakash Singh, Founder and CEO of SuperBolt, and Shreesha Sridhar, Chairperson of ProjectX Labs. These distinguished guests shared their invaluable insights into the startup ecosystem, discussing the challenges and opportunities faced by modern entrepreneurs. Their experiences and advice gave students practical knowledge and inspiration, igniting a deeper passion for entrepreneurship. The session was informative and motivational, reinforcing the importance of resilience, innovation, and leadership in the entrepreneurial journey.

PANEL DISCUSSION AT CHEMICAL SEMINAR HALL

The event commenced with a warm welcome speech and introduction by Dr. Narahari, Senior Professor in the Department of Industrial Engineering and Management at RVCE and Faculty Coordinator of E-Cell RVCE. Dr. Narahari set the tone for the day by emphasizing the significance of entrepreneurship in today's rapidly evolving world and the critical role educational institutions play in nurturing future innovators. His words inspired the audience, laying a strong foundation for the discussions and activities that followed throughout the event. The event progressed to a much-anticipated panel discussion featuring esteemed guests, Arvind Prakash Singh, Founder and CEO of SuperBolt, and Shreesha Sridhar, Chairperson of ProjectX Labs.

DR. NARAHARI

ARVIND PRAKASH AND SHREESHA SRIDHAR

Arvind Prakash Singh, an alumnus of RVCE and the Founder and CEO of SuperBolt, has been a stalwart in the startup ecosystem for many years, with SuperBolt being his third venture. Shreesha Sridhar, who was previously a professor in the Aerospace Department at RVCE, took a bold step by leaving academia to join his student in founding ProjectX Labs. Both panelists brought a wealth of experience and entrepreneurial spirit to the discussion, making it a truly enriching experience for everyone present. Their participation on this auspicious day added immense value to the event, serving as an inspiration to all aspiring entrepreneurs in the audience.

The celebration of World Entrepreneurs' Day at RV College of Engineering was truly remarkable and will be remembered for years to come. With inspiring discussions, invaluable insights from seasoned entrepreneurs, and the enthusiastic participation of students, the event was an extraordinary success.
